

# BoDE Galaxy 'M-81'

Issue 1 | January 2021 | BoDE Foundation

Inaugural Issue

## *Message from the Chairman – Neil Bhaskar*

“Inner prosperity is a far-fetched dream for most of us if we devote most of our time and energy to meeting our daily needs”.

BoDE methodology enables people to establish a sense of safety, security, and prosperity at the very basic level, and to guide BoDE Cadets to use these gifts as a “Gateway” to inner sense of fulfilment.

## *Introduction to BoDE*

BoDE Foundation is a not-for-profit educational institution, that helps current and budding business leaders to learn the nuances of achieving Economic freedom, and as a result, turn their attention into creating a positive task force capable of changing the world.

### *Viewing Success through Endurance*

*‘A year that has changed our perspective on life, altering the benchmark of success’.*

## *Monthly Communiqué / Periodical*

### *Our Vision*

BoDE is an institution of learning. Our philosophy and methodology teaches young minds to more prosperous and harmonious communities throughout the world.

### *Our Mission*

We are educating a generation of entrepreneurs who will achieve economic freedom and use that positive momentum to foster the communities around them and impact the world. We can only achieve this lofty goal if our body is strong, and our mind is clear. Safety in the external world is necessary if we are to seek and find safety in the inner world.

**Khila Suktas**, a collection of sixteen (16) mantras from the ancient Sanskrit text called Rig Veda, guide BoDE professionals throughout their entrepreneurial journey on how to deploy the forces of inner protection and prosperity to further enrich life in the external world. Khila means, *“the space that gives room to a newly emerging reality.”*

### *Innovations Around*

#### *Robots; the new key to entertainment*

*‘In recent times of consistent rise in COVID-19, sale of entertainment robots takes a leap’.*
